Address format

The structure of an address is the following:

- Recipient's full name;
- Additional information in relation to the recipient, company name (optional);
- Name or number of the building, floor, apartment, block;
- Additional information in relation to the location to make it easier to find the address (optional);
- Name or number of the street or area;
- Name of the city/village and district name (kaza). The district name is optional if it is the same as the city name;
- Name of country (Lebanon) – optional for domestic shipment.
